GARDEN WITH MATT LEACY

Project Home

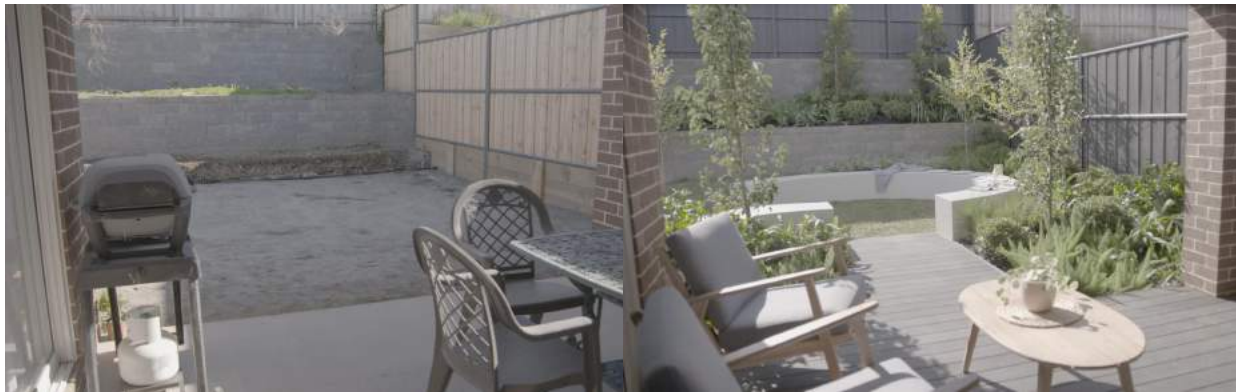

Callum and Alice wanted to escape the city to give their boys a nice house with a garden to grow up in so they purchased a land and home package in Sydney's Hills District and built their dream home. After spending 18 months on the build, they're at a loss as to what to do with the blank canvas of a back yard. Their dream is to have a low maintenance garden with lots of shady trees and grass for the boys to run around on.
